Handshake

Education is changing

- Education is less linear
- Digital is the way to land jobs
- Admissions and retention are decreasing every year
- Students are now valuing their education investment based on the professional skills they gained.

Ways Faculty and Staff can use *Handshake*

LSU OF ALEXANDRIA
**CAREER
CENTER**

- Create a profile and post on-campus jobs
- You can view openings and events that can be beneficial to your students
- You can connect with employers for collaboration opportunities

Career Center and Faculty

Career services helps to provide pathways for students—helping them better express their experience and interests and guiding them to unique employers that are eager to connect. Faculty has the unique ability to shape their students future for the better.

- Career Center acts to support faculty in their efforts to develop career-ready graduates
- Is the bridge between academic and professional life, through connections with companies
- Free services and resources for faculty and students
- Students can see the value of their academic experience

FOOTHILL
COLLEGE

Foothill College Expands Student Access to Jobs and Employers

5-10x

increase in job postings

Foothill College is a public community college in Los Altos Hills, California, offering over 180 degrees and certificates. Rated as the top online community college in California, it also boasts a large distance learning and international student population.

“

Handshake will **increase your visibility by ten-fold** in the job space. The number of employers we are now connected to is higher than ever before.

Miloni Gandhi

Workforce Faculty

Challenges

1. Regional Limitations

Located on the outskirts of major metropolitan areas, Foothill found it difficult to attract employers beyond their local region to recruit on campus, especially name brand companies popular with students.

2. Student Awareness

Foothill's existing platform was not widely known or used by students, and few students, employers, and staff engaged with the platform.

3. Student Access

Foothill needed a platform that was accessible to all their students, including online learners and mobile-only users.

4. Diverse Opportunities

Foothill wanted to offer more job opportunities representative of the diverse interests and skill sets of their student population.

Results

After joining Handshake, Foothill saw a **5-10x increase in job postings**. Students now receive proactive outreach from employers, including top companies that had never recruited at Foothill College before.

Through Handshake's expanded employer reach and more accessible and user-friendly platform, Foothill College is now better equipped to serve the needs of thousands of students.

“

For a school that doesn't have a large workforce office, **having Handshake is like having a whole additional team** for employer engagement and career services.
